

TROOP 103 DUES

Service Obligations

Troop dues are \$205.00 per year with \$105.00 due at the time of re-charter in December. The additional \$100.00 is due in May but will be waived if the parent/guardian of the scout provides volunteer service to support the troop. Every family is asked to provide their share of work to help the troop operate. To meet this service obligation each family with a scout in the troop needs to provide volunteer service to the troop to arrive at a total of at least 100% by choosing jobs/activities from the columns below.

If these service obligations are not met by May 1st of each year, the additional \$100.00 per scout of troop dues will become due. The scout(s) will not be able to attend any activities or receive any awards until the remaining \$100 balance is paid. These service requirements are not applicable to those Webelos scouts/families that bridge over in the spring of each year until the following service requirement year. For the purpose of this policy the service requirement year would be June through May while the dues period is Jan. to Dec. If you do not meet the service obligations for the prior year, your dues for the current year are affected.

As an example to meet the service obligation, you could attend 5 campouts and counsel 1 Merit Badge to meet the 100% requirement; or, drive on 2 campouts (but not stay), attend one campout (but not drive), attend 2 Committee Meetings, and spend a week at Summer Camp to meet the 100% requirement. Each family will be responsible to provide the Treasurer with a summary of their service requirements by May 1st to have the \$100.00 waived.
